## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

Claims **1-14,17-23** and **38-46** are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Amended claim 1 now uses the term ***"sufficiently."*** It is unclear what this term is intended to define. ***"Sufficient"*** to do/accomplish what?

It is noted that limitations were added to claim 1. It appears that the dependent claims were not amended to delete limitations which are redundant/duplicative in view of the amendments made to claim 1. For example, claim **8** appears to now redundantly recite a ***"filtration medium."*** Likewise, claim **39** appears to redundantly specify a ***"filter."*** Applicants are urged to carefully review all dependent claims (e.g. claim 39) for similar redundancies and/or inconsistencies with any amendments made.

### *Conclusion*

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
